

Posters212 Sample Poster

Developed by the Posers212 Team

Cloud based poster application

Posters212 is a SaaS poster application providing pre-designed templates and intuitive tools to upload and share your content, research, papers, or product information with a few clicks and keystrokes. Just bring your knowledge.....

Why Posters212?

Posters212 is a SaaS poster application providing pre-designed templates and intuitive tools to upload and share your content, research, papers, or product information with a few clicks and keystrokes. The application allows you to incorporate rich media and graphics to bring life to the knowledge sharing experience. With the addition of deploying our digital signage touchscreen boards at conferences, the speakers/authors are able to engage the audience and create a successful presentation experience. Our solution offers many features including:

- Cloud service - Pre-designed templates
- Pre designed processing menus
- Support for rich content
- Event management
- Speaker/author management
- Speaker/author rating
- Poster rating
- Speaker/author profiles
- Usage reports
- Poster pre-formatted download
- All in one touchscreens
- Support, planning, training, and documentation

Just bring your knowledge.....

Design Custom Posters Online in 3 Steps

1. Choose a template
2. Add your content
3. Share your knowledge
